

BASE LINE™

New, all natural linemarker

Natural limestone powder made right here in the state of Washington. Base Line™ Linemarker is a straight forward method to mark areas. Allows greatest visibility for players, officials and spectators!

- Ultra bright, very white lines. Non-toxic and non caustic.
- Environmentally correct marking material.
- Safe around people, pets and wildlife. Rain resistant.
- Will not harm soil or cause lime burn.
- Perfect for marking temporary parking areas on grass or dirt.
- Safe marking material for your next dirt biking or horse gaming event!
